intermediate/middle session three June 29-July 2

## this summer let your imagination soar

Campers will learn the fundamental principles necessary to create original art in various media: drawing, 2-D design, painting, sculpture and clay.

Age-appropriate projects for small group studios are designed and taught by professional North Texas artists and teachers.

Campers are grouped by the school grade (entering that fall). Each group will be led by a specific camp counselor. Bring a sack lunch and eat with your group. Dress for mess! That includes shoes.

At week's end, student artwork will display in the gallery for reception and viewing for family and friends.
